The Solo event for Tots is to be skated to music and must include all the required maneuvers from their test level. No maneuvers from F.S. 1 are necessary. This event is open to all skaters in Freestyle 1 through Freestyle 10 and Open events. Skaters will hear the music three times before they skate. The following maneuver limitations will apply:

Pre-Alpha-Delta, Freestyle 1 and below

Freestyle 1-3/Open Bronze, Freestyle 3 and below

Freestyle 4-5/Open Silver, Freestyle 6 and below

Freestyle 6-7/Open Gold, Freestyle 8 and below

Freestyle 8-10/ Open Platinum, Any maneuvers

Open Freestyle and Short Program Events

Skaters who have passed traditional ISI Freestyle tests can compete at the Open Freestyle equivalent level without taking any additional test. Skaters who have passed USFS Free Skate tests and have not passed any traditional ISI Freestyle tests can compete in the equivalent Open Freestyle level after passing the Open Freestyle test. Coaches should carefully check program content so the maneuver limitations are followed for each level. If skaters wish to participate in a higher level of open Freestyle events, they must either pass the traditional ISI Freestyle test of the Open Freestyle test at that level before competing in the higher-level event.

Short Program event is offered to Open Gold and Platinum levels.

For more details, please visit the ISI website at www.skateisi.org.

Jump & Spin Events (no music, full ice) Duration is not to exceed 1:00 minute.

This event is for teams of two skaters. The teams must consist of two skaters from the same Category Level, but not necessarily the same test level. Skaters can skate above, but not below the Category Levels listed below.

Low: Pre-Alpha-Delta Bronze: F.S. 1-3 Silver: F.S. 4-5 Gold: F.S. 6-7 Platinum: F.S. 8-10

One team of two skaters enter the ice together and stop. The first skater will attempt the same jump two times and then stop. The second skater will then attempt the same spin twice. After the second skater finishes their second attempt, the skaters will exit together. The maneuvers are judged for technical accuracy, not for difficulty.

Skaters may choose only one of the maneuvers from each level. If both maneuvers are performed, only the first maneuver will be scored - not the best attempt. Additional maneuvers and connecting steps are not permitted.

Low Level	JUMP: 2-Foot Jump or Bunny Hop	SPIN: Two Foot Spin
Bronze Level	JUMP: 1/2 Flip or Toe Loop Jump	SPIN: Two Foot or One Foot Spin
Silver Level	JUMP: One-Half Loop or Axel Jump	SPIN: Sit Spin or Back Scratch Spin
Gold Level	JUMP: Double Salchow or Double Toe Loop	SPIN: Layback or Flying Camel Spin
Platinum Level	JUMP: Double Loop or Double Lutz	SPIN: Flying Sit or Camel-Jump-Camel Spin

Awards for all levels will be given to 1st through 6th place for individual events. All participants will receive an award. Awards will be distributed at the Awards Desk. Results will be posted in the Ice Rink lobby. Team trophies will be awarded for the top three scoring teams.

In determining the results, the winner of a division will receive 5 points for 1st place; 4 points for 2nd place; 3 points for 3rd place; 2 points for 4th place; 1 point for 5th and 6th place.

All participants are awarded 1 point per event.

Action Shots and Vendors

Action shots will be taken of each performance. Skaters may view these pictures in the lobby after their event. T-shirts and other miscellaneous gift items will also be available for purchase in the ice rink lobby.

Compulsory Events

In the Compulsory Events, three pre-selected maneuvers are to be performed one time in any order in a pre-choreographed program with a minimum amount of connecting steps between each maneuver. Only the first attempt of each of the three pre-selected maneuvers is judged.

The following competition penalties will apply for this event: Performing an incorrect maneuver (not one of the three previously chosen maneuvers) – Score given: 2.0 under General Overall. Maneuvers will not be called out and no music will be used. Tot through Freestyle 4 will use ½ ice and should not exceed one minute. Freestyle 5 through 10 will use full ice and should not exceed one minute. **Note:** There is no penalty for the quantity of swizzles, wiggles, strokes, crossovers or edges performed in the Tot-Delta levels. District 8 Referee Panel

District 8 is proud to announce the continued success of the District Referee Panel & Committee.

Currently in its 5th season the goal of this panel continues to ensure the consistency and quality to all District 8 competitions by enforcing the ISI guidelines and procedures.

The members of this panel have gone through training endorsed by the ISI national office. Each referee is a current ISI professional member, gold certified judge, and ISI Certified Referee. Each competition will be supplied with a referee for the duration of their competition to ensure quality judging and rule interpretation. In order to continue supplying each competition with qualified individuals an additional \$2 per competitor and \$15 per team is added to each entry fee to support this program. This fee is included in the entry fee.

Thank you for supporting the district's continued efforts to provide fair and positive experiences for all its skaters, parents and coaches.

Performance Rules for 2018

1. All routines shall start from a stationary position. Timing for all events will begin with any action after the music begins.
2. There will be a ten-second leeway over the prescribed time on Freestyle programs. Judging will stop at 10 seconds over the prescribed time. If the skater skates 11-14 seconds over, he/she will be given the grade of 8. If the skater skates 15 seconds or beyond, he/she will be given the grade of 5. Any required maneuver done past the 10 second leeway will receive a 0 for duration. There is no penalty for skating under the prescribed time.
3. There will be a short warm-up period before each division.
4. Pre-Alpha, Alpha, Beta, Gamma and Delta skaters must include one and only one additional maneuver from F.S. 1. Duration will be scored for Pre-Alpha through Delta events. In Beta, the foot must be lifted off the ice for the back crossover as cut backs do not meet the test requirements. In Gamma, at least three strokes must precede the Mohawk combination for a total of at least seven steps. For Delta and F.S. 1, the edges must be done consecutively outside-outside and inside-inside. The lunge must be done in a straight line and completed with a one-foot glide.
5. Skaters in Freestyle are not permitted or required to perform any additional maneuvers from a higher level.
6. Please see separate sheet for explanation of the compulsory events.
7. There are certain maneuvers listed under the heading of Choice-Of-One in Delta, Freestyle 3, 6, 7, and 8. This means that only one should be performed. In the case of misinterpretation of Choice-Of-One, the performance of the first maneuver will be graded.
8. Not all uncaptured jumps and spins are legal for all levels of competition. The penalty grade for performing an uncaptured maneuver at the wrong level will be the grade of 2.0 on the judges' sheets under Correctness. Check your ISI Handbook for further information.
9. The penalty for doing an illegal additional move either in Freestyle or Interpretive events will be the grade of 2.0 on the judges' sheet under Correctness.
10. When competing against the book, the skater must earn 80% of the total possible points in order to place 1st. Less than 80% will result in 2nd Place.
11. All Dance Step Sequences in Freestyle have a mandatory pattern and should be performed according to ISI Handbook diagrams. Dance Step Sequences in Freestyle 2 & 3 may be performed in either direction.
12. Skaters will be limited to three attempts per required maneuver during their program and, as always, the best attempt will be judged. If the skater attempts the required maneuver a fourth time, it will not be judged.
13. In the Open Freestyle Events, skaters can now perform *any spin at any level*. The current jump limitations remain in effect for the Bronze, Silver and Gold levels.
