

Spring 2018

Dear Central Parents,

Attached you will find registration and class information for the spring session of After School Clubs through the Wilmette Park District. This session runs April 2 through June 8. All participants can register through the Wilmette Park District starting on Tuesday, March 20 at 9:00am. If you do not currently have a household account with the Park District, please set one up prior to this date. Please note that this information is only on the Wilmette Park District website and not in our Explore Guide. **The registration deadline will be two business days before the club is scheduled to start. Late registration will go onto a waitlist. You will be contacted if we are able to add your child into the club. Please do not let the waitlist deter you from registering; there may still be room to add your child into the class.**

The Park District will have an On-Site Coordinator from 3:00pm through end of classes and pick-up. Children are expected to be picked up on-time. Parents will incur a late fee of \$10 for every ten minutes they are late to pick-up. To reach the On-Site Coordinator, please call 224-725-7290 starting at 3:00pm, only while After School Clubs are in session. If you need to reach someone outside of the After School Club time, please contact Haylee Kessler, Recreation Activity Coordinator, at 224-725-8217.

Students will be dismissed from their classroom and checked in at the cafeteria by the After School Club Coordinator immediately after 3:15pm dismissal. Students registered for Friday classes will be supervised by school staff and brought to the cafeteria for check in at 3:15pm. Participants must stay in school until the start of class. The children will be dismissed from the front entrance of school at the end of class.

****Please note:** After School Clubs are not guaranteed to run unless they meet their minimum registration requirement. Minimum requirements vary for each club. **Clubs are not meant to substitute for childcare.** In compliance with the school snack policy, children may only bring a fruit or vegetable snack to have prior to class starting. The Park District will not be providing any snacks. Please see the attached schedule.

If you have any questions, please contact Carol Heafey at 847-256-9692 or cheafey@wilpark.org.

Sincerely,

Carol Heafey
Recreation Program Manager

Bit Space Hands-On Design and Construction

Our Bits class is a next-generation shop class for budding young makers and creative problem solvers. Students participate in hands-on design and construction projects utilizing a combination of hand tools and small power tools to create crafts from real materials. And the best part is that students get to keep whatever they make!

Age 7-10

\$236 4/5 – 6/7 *10 weeks*
412392-01 Th 3:30 – 4:30pm

Boys Break Dance by Chicago Loves Dance

Under the creative direction of skilled Chicago Loves Dance break dancers, students will learn choreography and poses, will show off their creativity in freestyle sessions, and more. Chicago Loves Dance runs on the philosophy that dance should open your child's creative abilities and be FUN! We pride ourselves on teaching the self-esteem and socialization needed in everyday life through dance and performance. The last day of class will be a parent watch day where they will do a short performance to show off their new talents.

Age 6-10

\$220 4/4 – 6/6 *10 weeks*
412347-01 W 3:30 – 4:30pm

Chess Enrichment

This program will offer professional instruction in the magical, fun game of chess. Additionally, it will provide students with training in life skills like decision making, responsibility, focus and concentration, and problem solving. It is well documented that a student who learns and plays chess does better academically. Chess Enrichment will continue to provide this enrichment program.

Age 6-10

\$214 4/4 – 6/6 *10 weeks*
412304-01 W 3:30 – 4:30pm

Craft Club

Are you the crafty, creative type? "Crafty Kid" is a next level craft club! Central's own Ms. Potakis will lead students in creating a new craft to bring home every week! We'll make a variety of projects including a seasonal decoration, a canvas art piece, and a mason jar craft, just to name a few! We'll also learn how to repurpose something old into something new. (If your child has taken Craft Club before, they will be able to make more advanced versions of some repeated crafts.) Supplies are included in fee.

No class: May 28

Age 6-10

\$300 4/2 – 6/4 *9 weeks*
412332-01 M 3:30 – 4:30pm

Culinary Adventures by Creative Kids Corner

Everyone can appreciate an artfully decorated cupcake or cookie, but when a pear becomes a rabbit, you've made magic! Learn the basic building blocks to food and pastry decorating and experience food as art by letting your imagination go! Sorry, no processed candy is allowed, as this class uses all fresh, high quality ingredients. Specific dietary concerns are incorporated besides following a nut-free curriculum. When registering, please let us know of any allergies or dietary restrictions.

No class: April 19

Age 6-10

\$314 4/5 – 6/7 9 weeks
412331-01 Th 3:30 – 4:30pm

Dodgeball by On the Go Sports

Fun + Exercise + Movement Skill + Agility = OTG Sports Dodgeball. This clinic gives all participants an opportunity to play this popular game in a safe, controlled environment with responsible supervision. The class helps to develop footwork, movement skill, hand-eye coordination and anticipation. It also increases mobility, balance and flexibility. Come out and have a blast in a safe, fun, energetic atmosphere!

No class: Apr. 6, 20

Age 6-10

\$222 4/6 – 6/8 8 weeks
412327-01 F 3:30 – 4:30pm

Floor Hockey

This program provides participants the opportunity to learn and play one of Chicago's favorite sports in a safe, fun environment. Players will learn positions, stick handling and ball control in this fun, fast-paced class. Players will also develop skill play, teamwork and sportsmanship while having fun, competitive gameplay each week. Safety and fun are a MUST when you step on the floor. Come ready to play!

Age 6-10

\$185 4/3 – 6/5 10 weeks
412396-01 Tu 3:30 – 4:30pm

Garden & Nature Club

Come join us as we explore and observe nature in this hands-on, adventure-packed club. We will learn about the wonders of our natural world and develop skills needed to safely explore the outdoors. This group will meet outside, weather permitting, and focus on place-based learning, free exploration, food and plants native to our area, and conservation. This club will be instructed by Alicia Cirrincione, master gardener!

Age 6-10

\$160 4/3 – 6/5 10 weeks
412384-01 Tu 3:30 – 4:30pm

Girls Hip Hop by Chicago Loves Dance

Under the creative direction of skilled Chicago Loves Dance instructors, students will learn choreography to the newest pop/dance songs, will show off their creativity in free-style choreography sessions, and more. Chicago Loves Dance runs on the philosophy that dance should open your child's creative abilities and be FUN! We pride ourselves on teaching the self-esteem and socialization needed in everyday life through dance and performance. The last day of the class will be a parent watch day where they will do a short performance to show off their new talents.

412350-01 Th 3:30 – 4:30pm

Glee Club

Do you like to sing? Dance? Perform? Then come join Mrs. Gierke, Central's talented Music teacher, and be a part of Central School's Glee Club! We will learn to read and sing musical pieces. Bring your voice, imagination and creativity to help choreograph and create a performance that everyone will want to see. The last day of Glee Club will be our performance.

Age 7-10

\$276 4/3 – 6/5 10 weeks
412311-01 Tu 3:30 – 4:30pm

Hot Shot Sports Triple Play

This class features three sports: basketball, soccer and football. Participants develop skills associated with each sport and have opportunities to use these skills in game situations. Emphasis is placed on skill development, teamwork and sportsmanship.

No class: Apr. 25

Age 6-10

\$176 4/4 – 6/6 9 weeks
412313-01 W 3:30 – 4:30pm

Kids Yoga by Chicago Loves Dance

We supply the mats...all you need to do is come ready for some yoga and stretching! In this class, kids will learn beginning yoga movements, terminology, and yoga-based games to make learning fun with Chicago Loves Dance yoga instructors. Yoga in early childhood is wonderful for improving listening skills, building self-esteem, and supporting social and emotional learning.

Let's Build It Chain Reaction

The ball rolls down the ramp and turns the switch that moves the post that activates the zip-line that knocks the ball down the ramp and into the goal! In this STEAM program, students will be building Rube Goldberg "Mouse Trap" chain-reaction machines featuring levers, pulleys, and other simple machines. Engineering and physics concepts will be introduced and reinforced through hands-on, innovative lessons and creative play time. Problem solving skills and teamwork will be put to the test as the complexity of the projects increases from week to week. During the final class, there will a building competition: how many contraptions can you connect in the chain reaction? No previous experience is necessary, just a desire to learn and build. Each student will receive an award on the last day of the session and will have the opportunity to earn Energy Belts to demonstrate their learned skills!

412397-01 Th 3:30 – 4:30pm

Mad Science System 3

Catapult into Newton's three laws of motion with this session of Mad Science! Learn about potential and kinetic energy using toys that pop, jump, and flip. Discover renewable and non – renewable resources for power generation, and build your own optical fiber model as we talk about telecommunications. Explore the animal kingdom and learn about feathers, fins, and fur. Then hold your breath as we dive beneath the ocean's surface to study buoyancy and the animals that live under the sea. Take a look at robots and how they make our lives easier, then build your own robot hand to take home with you. Maybe it can help you with your homework!

412399-01 M 3:30 – 4:30pm

Movie Making with LEGOS

This is an extraordinary class of movie making that will involve building and animating characters and props with LEGO in order for each child to produce a unique, spectacular animated movie. Our giant bag of LEGO bricks will make every child happy and will prompt creativity! If you think this is a class for boys only, it is not the case. Girls are welcome! Class fills very quickly, so reserve your spot soon! This class is a blend of engineering, physics, technology and creativity! Kids will go home with a customized DVD of their own movie at the end of classes.

\$263 4/4 – 6/6 9 weeks
412390-01 W 3:30 – 4:30pm

Non-Contact Football

This high energy, non-contact football clinic teaches the fundamental of the sport, including passing, receiving, blocking, route running and more. Additionally, the class will focus on teamwork and discipline. Participants will receive top-notch instruction from coaches who have played the sport on a collegiate or professional level. Classes will also include scrimmages and occasional guest speakers. On-the-go Sports is lead by former Northwestern Star and Chicago Bear Chris Martin.

Stage Stars

It's your time to shine; it's acting time! In Stage Stars, children will learn theater terms, play games, and act in short skits. During theater games, students will use their creativity to communicate and improvise. The carefully selected skits are based on folk tales that teach cooperation and positive moral values. Every student will have the opportunity to play at least one lead role per session. Also, Stage Stars participants can earn prizes for identifying and explaining parts of a skit and goals of the characters. Each child will receive a participation award. Parents are invited to attend the final performance on the last day of class!

Young Rembrandts

It's springtime, and we have all NEW drawings to share with your young artist. During this session, we will find our architectural skills in our city skyline drawing. As our artists venture out into the wild, they will learn to develop and apply patterns as they create an intricate zebra drawing. Later, our students will learn about cool and warm colors with the patterned flowers lesson and realism with the London Bridge. All this and much more awaits your budding young artists.
