

Spring 2019

Dear Central Parents,

Attached you will find registration and class information for the spring session of After School Clubs through the Wilmette Park District. The winter session runs Monday, April 1 – Friday, June 7. All participants can register through the Wilmette Park District starting on Tuesday, March 12 at 9:00 am. If you do not currently have a household account with the Park District, please set one up prior to this date. Please note that this information is only on the Wilmette Park District website and not in our Explore Guide. **The registration deadline will be two business days before the club is scheduled to start. Late registration will go onto a waitlist. You will be contacted if we are able to add your child into the club. Please do not let the waitlist deter you from registering; there may still be room to add your child into the class.**

The Park District will have an On-Site Coordinator from 3:00 pm through end of classes and pick-up. Children are expected to be picked up on time. Parents will incur a late fee of \$10 for every ten minutes they are late to pick-up. To reach the On-Site Coordinator, please call 224-725-7290 at 3:00 pm, only while After School Clubs are in session.

**Students will be dismissed from their classroom and checked in at the cafeteria by the After School Club Coordinator immediately after 3:15 pm dismissal. Students registered for Friday classes will be supervised by school staff and brought to the cafeteria for check in at 3:15 pm. Participants must stay in school until the start of class. The children will be dismissed from the front entrance of school at the end of class.**

**\*\*Please note:** After School Clubs are not guaranteed to run unless they meet their minimum registration requirement. Minimum requirements vary for each club. **Clubs are not meant to substitute for childcare.** In compliance with the school snack policy, children may only bring a fruit or vegetable snack to have prior to class starting. The Park District will not be providing any snacks. Please see the attached schedule.

If you have any questions, please contact me at [hkessler@wilpark.org](mailto:hkessler@wilpark.org) or 847-853-6297.

Sincerely,

**Haylee Kessler**

**BIT SPACE HANDS ON DESIGN AND CONSTRUCTION**

Our Bits class is a next-generation shop class for budding young makers and creative problem solvers. Students participate in hands-on design and construction projects utilizing a combination of hand tools and small power tools to create crafts from real materials. And the best part is that students get to keep whatever they make!

**CARTOON DRAWING BY YOUNG REMBRANDTS**

Cartoon drawing classes are so much fun! Our young cartoonists will learn how art and humor complement each other as they use their imaginations to create their own cartoons. Our students will learn how to personify inanimate objects, as they breathe life into the sun and moon, transforming them into funny cartoon characters. A humorous bird feeding sequence will teach your child visual and sequential story telling. We'll also create drawings that feature colorful and expressive forest animals. Give your child the gift of learning and artistry. Enroll your young artist today.

### **CHESS ENRICHMENT**

Learn to play and enjoy the "Sport of the Mind"--CHESS. This is an exciting class that takes the student to a new level of expertise. Whether they are beginners or continuing and competitive, the lessons are geared to enhance each student's level of play. Studies continue to confirm that the student that plays and studies chess does better academically. Chess will develop analytical and critical thinking skills, decision making, and responsibility for choices, sportsmanship, focus, concentration, and patience in all they do. They will be studying opening theory, middle game planning and endgame combinations, plus tactics and strategies to enhance their skill set. This program is presented by CHESS-ED, the premier chess provider on the north shore. Register TODAY!

### **CULINARY ADVENTURES WITH CREATIVE KIDS CORNER**

This program combines two of Creative Kids Corner's favorites. It features the hands-on, good tasting, and good for you Cooking for Life series while incorporating classes focusing on Pastry Decorating & Edible Art, which has become increasingly popular. Cooking for Life offers a new dish each week emphasizing fresh seasonal ingredients and calls on the students' emerging culinary skills and comfort with a wide variety of culinary tools. Pastry Decorating & Edible Art allows students to express their creativity by, for example, turning a pear into a rabbit or a cupcake into an action figure. Only fresh, high quality ingredients are used. This class follows a nut-free curriculum. Additional food allergies, sensitivities, and special accommodations should be communicated immediately to Haylee Kessler at [hkessler@wilpark.org](mailto:hkessler@wilpark.org).

**CRAFT CLUB**

Are you the crafty, creative type? Central's own Ms. Potakis will lead students in creating a new craft to bring home every week! We'll make a variety of projects including a seasonal decoration, a canvas art piece, and a mason jar craft, just to name a few! We'll also learn how to repurpose something old into something new. (If your child has taken Craft Club before, they will be able to make more advanced versions of some repeated crafts.) Supplies are included in fee.

Let's Build It Crazy Circuits! Is an exhilarating, cutting-edge area of engineering. In this unit, students will design, build, and test various circuits and electronic projects. Instructors will guide students through core concepts of electrical engineering, introducing them to circuits and electrical components. Students will use hands-on projects and experiments to explore how electricity is part of our daily lives. No previous experience is necessary, just a desire to learn and build. Projects will include: a disc launcher, electronic games, musical instruments, alarms, and more, along with fun-filled class activities! Each student will receive an award on the last day of the session, as well as the opportunity to earn engineering belts to demonstrate their learned skills!

TWO Great Programs in One!

Your child's imagination will soar when they meet Milo, the rover, and discover simple machines, engineering and programming. Will they win the firetruck race or build the strongest crane? Students will be challenged and have fun when they are encouraged to experiment and create while using the MIT designed, LEGO WeDo 2.0 system.

Meet Edison! Students will explore robotics as they work with Edison, the LEGO® compatible, programmable Bot! Students will use barcodes to program Edison to do everything from making music to 'battling' in the Sumo ring! Combining the versatility of the robotics with Intuitive Drag and drop PROGRAMMING software, this adventure encourages teamwork and fosters imagination and creativity
