

Spring 2019

Dear Harper Parents,

Attached you will find registration and class information for the spring session of After School Clubs through the Wilmette Park District. The winter session runs Monday, April 8 –June 3. All participants can register through the Wilmette Park District starting on Tuesday, March 12 at 9:00 am. If you do not currently have a household account with the Park District, please set one up prior to this date. Please note that this information is only on the Wilmette Park District website and not in our Explore Guide. **The registration deadline will be two business days before the club is scheduled to start. Late registration will go onto a waitlist. You will be contacted if we are able to add your child into the club. Please do not let the waitlist deter you from registering; there may still be room to add your child into the class.**

Students will be dismissed from their classroom and checked in at the cafeteria by the Chess Ed instructor immediately after 3:15 pm dismissal. The children will be dismissed from the front entrance of the school at the end of the class at 4:30 pm.

****Please note:** After School Clubs are not guaranteed to run unless they meet their minimum registration requirement. Minimum requirements vary for each club. **Clubs are not meant to substitute for childcare.** In compliance with the school snack policy, children may only bring a snack that does not include peanut products in them, to have prior to class starting. The Park District will not be providing any snacks. Please see the attached schedule.

If you have any questions, please contact me at hkessler@wilpark.org or 847-853-6297.

Sincerely,

Haylee Kessler

Recreation Activity Coordinator

Wilmette Park District Harper After School Club Program

**Registration Begins
Tuesday, March 12 at 9:00 am**

You may register in person at any
Wilmette Park District facility or at
www.wilmettepark.org

CHESS ENRICHMENT

Learn to play and enjoy the "Sport of the Mind"--CHESS. This is an exciting class that takes the student to a new level of expertise. Whether they are beginners or continuing and competitive, the lessons are geared to enhance each student's level of play. Studies continue to confirm that the student that plays and studies chess does better academically. Chess will develop analytical and critical thinking skills, decision making, and responsibility for choices, sportsmanship, focus, concentration, and patience in all they do. They will be studying opening theory, middle game planning and endgame combinations, plus tactics and strategies to enhance their skill set. This program is presented by CHESS-ED, the premier chess provider on the north shore. Register TODAY!

No class: May. 27
