The Wilmette Park District is transitioning to a new registration system. Household Accounts are being created for all Park District users. Your Household ID# will give you access to the online registration system. In order to create a Household Account, and assign a Household ID#, the Park District requests you fill out this form as accurately as possible. In order to complete the process you will be asked for identification and proof of residency by showing or submitting copies of either a current drivers license or State of Illinois ID card. If you do not have one of these documents you will need to show or submit another photo ID along with one of the following items displaying a Wilmette address: utility bill with owner's name; voter's registration card; current automobile registration with owner's name; copy of real estate contract stating a closing date.

This form may be faxed, mailed or dropped off at any of our facilities.

Don't forget to attach a copy of proof of residency.
